NIH has changed the appearance and format of all announcements that are published in the NIH Guide for Grants and Contracts. The new format includes changes in the organization and layout and are designed to make the NIH Guide more readable and more consistent with other Federal funding announcements.

The Office of Extramural Research will begin to publish the announcements with the new appearance and format beginning August 31, 2004. However, for the first two to three weeks in September some announcements will appear in the old format.
