

**The National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS)
Clinical Trial Planning Milestone Checklist**

To be completed by the applicant at the time of submitting an LOI or an LOR. Please submit to the NIAMS Scientific Research Contact listed in the U01 Funding Opportunity Announcement or email to: NIAMSclinicaltrials@mail.nih.gov

Date:

Title of study:

Principal Investigator:

Institution:

Applicant Contact: Email

Phone

Form completed by:

Does the Applicant have a Prior NIAMS-funded U34/R34 (yes/no)?

Proposed date of submission of the U01 application (see deadlines below):

Has this U01 application been submitted previously? (yes/no)? If yes, provide date:

Note: If the budget is \$500,000 or greater in direct costs in any given year, a separate Letter of Request (LOR) must be submitted by the appropriate deadline (10 weeks prior to the application due date). No exceptions. See due dates below.

Budgets under \$500,000, are encouraged to submit an Letter of Intent (LOI). Instructions found here: <https://www.niams.nih.gov/grants-funding/clinical-research/grants/letters-intent-less-than-500k>

Proposed Total Clinical Trial Budget (total costs for all years – direct and indirect costs):

\$ _____

Proposed Direct Costs per Year:

Year 1:	Year 2:	Year 3:	Year 4:	Year 5:

Due dates for a U01 application and Letter of Request (only for applications with budgets of \$500,000 or greater in direct costs in any given year) LOR requirements found here: <https://www.niams.nih.gov/grants-funding/clinical-research/grants/letters-request>

U01 Application Due Date	Letter of Request (LOR) Request Due Date (required 10-weeks prior to the application due date)
March 27, 2018	February 13, 2018 (6-weeks only for this due date)
July 2, 2018	April 23, 2018
November 2, 2018	August 24, 2018
March 4, 2019	December 31, 2018
July 2, 2019	April 23, 2019
November 4, 2019	August 26, 2019
March 3, 2020	December 24, 2019
July 2, 2020	April 23, 2020
November 3, 2020	August 25, 2020

Instructions: The applicant should indicate a status by marking an “X” under the appropriate status heading for each planning activity with additional comment (s) to justify any item(s) that are not complete at the time the checklist is submitted to the NIAMS.

Planning Activity	Status				*Comments (please include additional detail regarding the status of the activity including any anticipated dates of completion if the activity is not yet complete)	NIAMS Internal Use Only
	Completed (please provide dates of completion)	In process *	Not started *	Not applicable *		
Study protocol						
Budget proposal for U01 application						
Identification and qualifications of clinical trial sites, pharmacies and laboratories						
Intervention Documents (Investigator’s Brochure/Product Label/Package Insert or Intervention Monitoring Manual) *						

Planning Activity	Status				*Comments (please include additional detail regarding the status of the activity including any anticipated dates of completion if the activity is not yet complete)	NIAMS Internal Use Only
	Completed (please provide dates of completion)	In process *	Not started *	Not applicable *		
Manual of Operating Procedures (MOOP)						
Data and safety monitoring plan (DSMP)						
Clinical Monitoring and Data Management Plan*						
Finalize plans to obtain intervention related products (drugs, placebo, device)						
Develop Clinical Trial Agreement (CTA) and/or Cooperative Research and Development Agreement (CRADA)						
Develop template informed consent (and assent form, if applicable)						
Develop case report forms (CRFs)						
Program study database						
Establish data collection system						

Planning Activity	Status				*Comments (please include additional detail regarding the status of the activity including any anticipated dates of completion if the activity is not yet complete)	NIAMS Internal Use Only
	Completed (please provide dates of completion)	In process *	Not started *	Not applicable *		
for primary and/or remote sites						
Submit/obtain approval for IND/IDE or documentation of IND/IDE exemption						
Develop materials and establish plans for training and site initiation						
Establish single-IRB arrangements (for multi-site trial) or other IRB (for single-site trials) Initiate IRB approval/request applicable waivers (e.g., HIPAA)						
Documentation of adequate co-funding, if applicable and necessary for completion of the trial						
Other Milestone (to be added by Investigator):						

Planning Activity	Status				*Comments (please include additional detail regarding the status of the activity including any anticipated dates of completion if the activity is not yet complete)	NIAMS Internal Use Only
	Completed (please provide dates of completion)	In process *	Not started *	Not applicable *		
Other Milestone (to be added by Investigator):						

*See NIAMS U01 Funding Opportunity Announcement for description. This item is also a required attachment to the application and must be submitted with the U01 application.
